"Donation for Japan's Disaster in March 2011"

We, the **Physical Society of Japan and the JPSJ** deeply **appreciate your encouragement**. We are welcome your donation to the relief and recovery from Japan's disaster in March 2011. To promote this as well as to avoid currency exchange problem, we propose your donation to be through any of the authorized organizations of donation of your own country or any. Through the website "your country's Red Cross" is an example. You can also gain tax saving sometime.

However, to share your warm sympathy in the world-wide physics community, we are willing to **memorize your record** of donation notified by **your e-mail** with your message, which will sure to **encourage** the members of Physical Society of Japan and people around us.

To achieve this:

1. Send e-mail to the following address: save.japan3.11@jps.or.jp.
2. With the e-mail subject: "donation Japan disaster (with your name)"
3. In the text please note in order,
 - a) Your name or Group name
 - b) Your e-mail address (In case of group, please note the representative one.)
 - c) Institution/affiliation
 - d) Country
 - e) Donated values (This is for our memory, neither for disclosure nor competition.)
 - f) Through what organization of donation you did? For example, "your country's Red Cross", etc.
 - g) Date of donation
 - h) Your message (option, but welcome)
 - i) Can your message be shown on our site with your name? (Yes/No)
4. You might repeat your donation or through other channel again, do not hesitate to send us again. In this case, to avoid confusion on our side, please note as follows.
 - a) Your name or Group name (###th time) and continue as above.

Thank you for your kind cooperation.
